Foreside Financial Group, a leading provider of compliance and distribution solutions, is pleased to announce they have made the shortlist of finalists for “Best ETF Distributor” at the [ETF Express US Awards 2021](#). The winners will be announced on September 23.

The annual ETF Express US Awards recognize excellence among ETF issuers and service providers in the US across a wide range of categories and follow a clear and transparent selection process. The nominated firms have been selected on a widespread survey to more than 400 issuers and other key industry participants for the service provider categories.

“We are grateful that the industry took the time to nominate Foreside as Best ETF Distributor,” said Christopher Lanza, Senior Managing Director, Head of Distribution at Foreside. “At Foreside, we recognize that the ETF-ecosystem consists of a web of interlocking entities and relationships, and it can be overwhelming for new entrants to navigate. We want firms to think of Foreside as their ETF partner, not a vendor.”

Foreside marries innovative technology with high-touch consulting and expertise to help mitigate risk and increase operational efficiencies for asset managers.
